HEADLINES

Like many organisations and businesses - local and distant - the weather has proved to be a hard nut to crack for the Golf Club and the events it had hoped to hold.

Our Christmas Party Night had to be cancelled, but the entertainment will be re-organised for a later date.

The Christmas Day Lunch went ahead thanks to some hard work by management and staff, resulting in an enjoyable days Christmas feasting and festivities.

Our New Years Eve party went with a real swing, with special thanks to everyone who tried to make the lane into the Club a little safer for guests - to all

the bar staff who worked tirelessly all evening - to 'The Rebels' who gave a great example of outstanding live music from start to finish and of course the excellent buffet provided by Carole & Chris - we will definitely have to sort a Curry Night after this.

Rothbury Pipe Band came up on New Years Day to start the New Year off - and get their bacon-butties to start their day off right - you need something solid before all that liquid eh!

If we can also take this opportunity to wish Michael well and a speedy recovery from the nasty flu bug going around as he was unable to Pipe in the New Year for us this year.

CHIT CHAT

Social Nights: - We still require members or anyone you know, who can organize some quiz questions, or who can organize and/or run a Karaoke evening for us - please contact one of the Social Committee or get in touch via one of the club contacts e.g. e-mail. We are still hopeful of varying the Friday Night entertainment with old favourites such as Play Your Cards Right and other Social events but we need feedback input from the members for items which will give us all a grand night's entertainment, and give us an idea as to what works and what doesn't. We hope to start our events as soon as the weather improves

Burns Night: - We need a Piper for our Burns Night, so offers of help or suggested Pipers would be grateful. We are also looking for a person for the Address to the Haggis - again any help in this department will be gratefully received.

Barry Steele in Concert as the Big 'O' and as the voice of Vegas, the Elton John & the ABBA Tribute Nights: - These events are by seasoned Tribute Artists who are true professionals and will ensure an excellent evenings entertainment for you - book early to avoid disappointment.

Coquet Quiz Quest: - The basic rules were in place but we improved on them during the course of the various evenings and hopefully this will mean a smoother evenings this year - all we need is for you to attend. For those who weren't there, this Quest involves a team member going for a question/points on a dart board, a correct answer from the other team members means a possible bonus, which you get by trying to throw a quoit over a target. Please let us know what you thought and TRY NOT TO MISS THE NEXT ONE!!

Committee Members/Helpers: - We need members to become social committee members and also volunteers to help with events, so please help make the social life of the club an excellent one - contact any of the social committee.
